

# BREAKFAST SAUSAGE LINKS

*Serves 8*

**Ingredients:**

Stryker Farm Breakfast Sausage

**Instructions:**

These breakfast links fry up quite nicely in a cast iron pan, browned on all sides. They take less than 10 minutes to cook. If there are any leftover cooked sausages (but there probably won't be) they're fabulous cut up in an omelette the next day. Would you prefer sausage patties to links? Check out Nancy's country sausage!
